more space . more style . more living

‘Whatever you have in mind, at Living in Style we can work with you to bring your ideas to a reality. Whether you have an existing garden or a space of land, we can transform your outdoor area into a masterpiece’

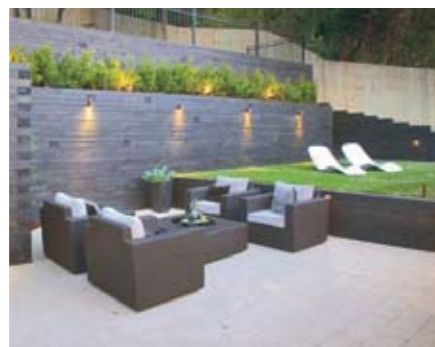

Now...live in style!

Living in Style is a family owned business dedicated to enhancing your personal living space to make it the haven you are looking for, a place you will look forward to coming home to. Our hands on approach help you bring any area to life.

At Living in Style we aim to create naturally beautiful landscapes by working in tandem with your existing surroundings. Our highly professional landscapers use environmentally sustainable products and practices so the finished result will be a garden you can be proud of and enjoy spending time in, with the knowledge that you have an ecologically friendly outdoor living space.

Caring for the environment is a Living in Style code of conduct and a priority on every job. With our abundant amount of experience and expertise, we can present you with a garden plan that will give you a real feel for what the finished product of your new garden will look like, complete with a full planting list and budget estimate.

Our highly professional team will assist you with your landscape architecture designs, and make recommendations and manage your project to ensure your project is completed on time and on budget with the 'wow' factor you are looking for.
